

AIM :

ordinal

ALGORITHM

```
x=["Athira"]  
value=[ord(x) for x in x for x in x]  
print(value)
```

OUTPUT

The screenshot shows a PyCharm Run window titled 'Run: gcd nnn'. The command being executed is 'C:\Users\LENOVO\PycharmProjects\pythonProject\venv\Scripts\python.exe C:/Users/LENOVO/PycharmProjects/pythonProject/nnn.py'. The output displayed is '[65, 116, 104, 105, 114, 97]'. Below the output, it states 'Process finished with exit code 0'. The PyCharm interface includes a sidebar with 'Structure' and 'Favorites' tabs, and a bottom status bar with icons for Run, Run/Debug, Problems, Debug, Terminal, and Debug Console. A watermark 'Activate Windows' is visible in the bottom right corner.

```
Run: gcd nnn  
C:\Users\LENOVO\PycharmProjects\pythonProject\venv\Scripts\python.exe C:/Users/LENOVO/PycharmProjects/pythonProject/nnn.py  
[65, 116, 104, 105, 114, 97]  
Process finished with exit code 0  
Activate Windows  
Go to Settings to activate Windows.
```
